

Parents of children in grades 6-12,

Please read the attached information regarding meningitis disease. In accordance with Wisconsin state law, I am providing you with this information. The meningitis vaccine is not required for admission to school; however, this vaccine is strongly encouraged by the American Academy of Pediatrics, the Centers for Disease Control and Prevention and the American Council on Immunization Practices. Please discuss this vaccine with your physician.

Thank You,

Jill Sheeley RN BSN  
School Nurse  
Waterford Cooperative Schools
